

FAIRINGS...

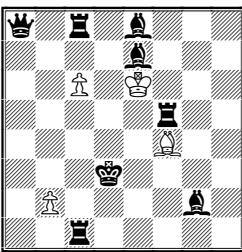

unorthodox help-problems by

C.J.Feather 10 Tinwell Road STAMFORD PE9 2QQ England [cfeather@ukonline.co.uk]

Two innovations this time: 1/ We revert to the 12-problem / single-side format of *Broodings*, hoping to please both readers who print the file and those who read *Fairings* on screen. 2/ Definitions (covering issues 1-6 of *Fairings*) are given in a separate file. They have been carefully formulated so as to be (I hope) as precise as possible.

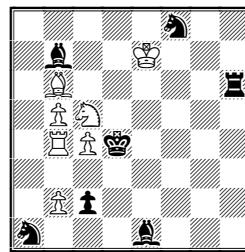

Best wishes to all readers.
